# About Us

## excolt

Boasting a remarkable decade-long track record in Forex Broking and Crypto Mining, our team has always been driven by a vision to innovate FINTECH solutions into the Trading arena, specifically addressing prevalent concerns of trust, transparency, and liquidity.

With a strategic focus on the future our aim is to launch a decentralized Forex and Crypto trading platform (DeFi), grounded in a liquidity protocol on the blockchain.

The logo for eXcolt features the word "eXcolt" in a white, sans-serif font. The letter "X" is replaced by a stylized icon consisting of four colored triangles (yellow, blue, green, and red) arranged in a cross pattern. The background of the slide is a vibrant blue and purple gradient with a central hexagonal frame. Inside the frame, there are several Bitcoin coins, some rendered in a wireframe style, and various digital data elements like binary code and circuit patterns. The overall aesthetic is modern and tech-oriented.
