THE WINNING CONCEPT

PLAY & WIN

What makes this game stand out is its winning concept. If your prediction is correct, you'll see your predicted amount double.

And here's the kicker:

even if your prediction doesn't match the outcome, you won't be walking away empty-handed.

DUAL PREDICTIONS

To dive into the excitement, you'll need to make dual predictions - RED and BLACK.

This approach allows you to cover all possibilities and significantly boosts your chances of hitting it big.

PLAY & WIN

Scenario 1

SCENARIO 1

CORRECT PREDICTION

PLAY & WIN

Imagine this scenario: You bet on the next colour being red, and your prediction comes true.

WHAT HAPPENS?

You'll depart with a payout that's twice the amount you predicted.

& WIN

INCORRECT PREDICTION

But what if the colour that emerges doesn't align with your prediction, like black?

In such a situation,
you might incur a loss, but
here's where it gets
interesting.
